Approx. Weight	410 lbs.	475 lbs.
Maximum HP	100 h.p.	100 h.p.

*Windshields optional.

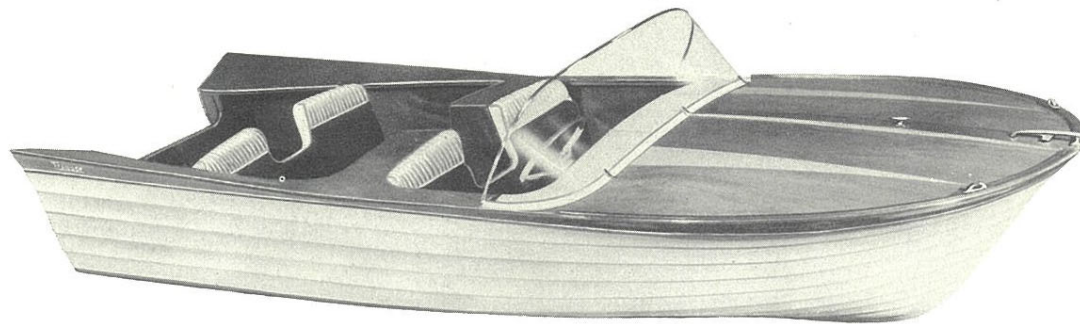

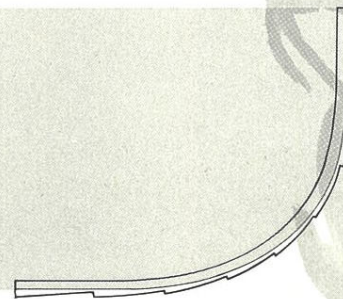

Lapstrake Daycruiser

The ultimate! This luxurious craft has the only molded lapstrake hull affording easy-to-clean interior with the advantage of little or no upkeep. Two massive-size bunks are standard equipment, as well as a forward hatch for ventilation and convenience. Lapstrake design provides maximum stability in rough water as well as speed with safety.

LAPSTRAKE MOLDED CONSTRUCTION. Unlike other Lapstrake hulls, Yellow Jacket offers two hulls in one. The inner hull is 5 ply molded mahogany, the outer hull is of 1/4" lapstrake. These hulls are molded together under intense heat and pressure, thereby forming a bonded unit of unequalled strength. No fasteners are used, eliminating expensive caulking and upkeep. The lapstrake goes from the sheer-line to the keel. Although this hull is of lapstrake construction, cleaning and refinishing is easiest in a YELLOW JACKET because the interior is sleek and smooth.

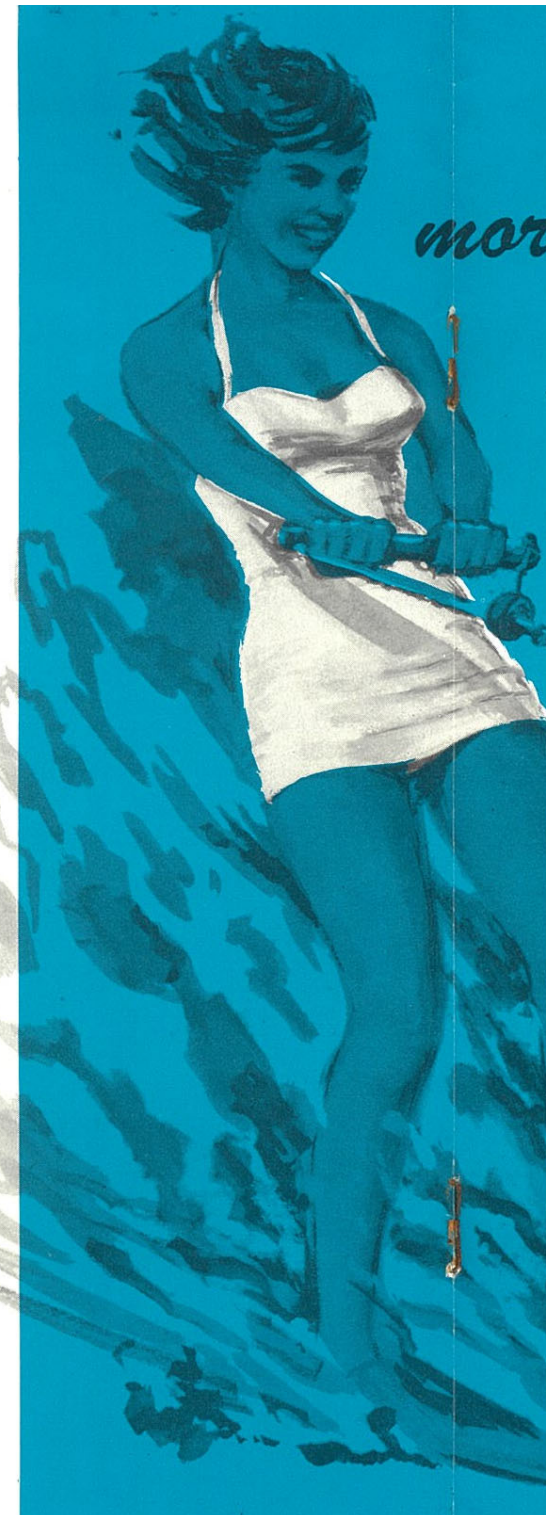

Trigger Lapstrake DELUXE

Styling beyond comparison! Everything the designer insisted upon. A real rough water boat, it is fast, safe and easy to handle. Of course, YELLOW JACKET Flote-N-Ride spring seats are featured.

ROY ROGERS
YELLOW JACKET
Vice President

YELLOW JACKET BOATS P. O. Box 6389, Denison, Texas

The King of the Cowboys is also one of the country's best known outboard racing enthusiasts. In a YELLOW JACKET, he won the Long Beach-Catalina race, proving our boat fully ocean-tested and sea-worthy.

Again in a YELLOW JACKET, Roy won the New Years Day 120-mile Marathon, the toughest endurance test of boat, motor and man. At the Lake Mead Marathon this year, Roy set a new 10-mile lap record of 59½ m.p.h. — in his YELLOW JACKET of course.

These are but a few of the many outboard races that Roy Rogers has won, making him as proud of his YELLOW JACKET as you will be of yours.
